NOT FOR HOTEL

Opera Singer's Private Chef Cause of His Taking Up Housekeeping.

Sig. Caruso has gone housekeeping. The trouble between the singer and the Hotel York was the cook. In the kitchen the man who caused the move is known as the chef, and he is French. For several years the singer has occu pied a suite on the eleventh floor of the hotel and has been happy and unhappy by turns.

The cooking was good, even finethe signor admitted that. Nowhere in Paris could be obtain better, "but in

Paris could he obtain better, "but in Milan in Florence, the difference!" said he.

This season Caruso decided he would bring his cook with him. Two cooks under the same roof, one cooking Brussels sprouts with the sand in them and the other without, one cooking snails with garlic and the other with a flavor of onion, could not last under the same roof. Besides, the hotel is not an apartment-house, and objects to light housekeeping.

Of course there were other hotels, but they too, had rules and one chef.
So the Caruso householf has moved. The signor and the signora, maids, valets, chefs and all, have gone to live in a house in West Flity-seventh street in the same block with the Vanderbilt, Whitney and other houses.

DERRICK BOOM FALLS ON WORKMEN IN PIT.

One Man Stunned and a Hall Dozen Others Injured by Flying Splinters.

Crashing into a deep pit in which s dozen men were digging an immense boom to-day nearly brought death to the workmen. One man in the excavation for a new apartment house at Amsterdam avenue, near One Hundred and Twenty-second street, was stunned and haif a dozen others were hit by flying debris. The injured man, Joseph Costello, of No. 355 East One Hundred and Thirty-fifth street, was attended by an ambulance suggeon and sent home.

The breaking of a derrick cable preciptated the boom. It fell acros the excavation, broke in three pieces, and crashed down upon the laborers. There was great excitement in the neighborhood. A report that many had been killed brought the reserves from the West One Hundred and Twenty-fifth street station on the run. then for a new apartment house at Am

with the softest of little pleats running from the ollar down. Dresses, too, are made of it, and how beautiful they are! Surely it is no wonder Sueine Silk appeals to women of laste; or that it is one of the most desirable of this year's beautiful materials—a duplicate of China silk in finish and texture, but the touch of cotton makes Suesine Silk more durable; the price permits you to possess two gowns or the usual cost of one. Pianos at Reduced Prices Our Most Important Sale.

NEW PIANOS, USED PIANOS, every instrument backed by the Loeser guarantee and every instrument far below its worth

That is the present proposition from the Piano Store-and if you mean to buy a Piano between

now and Christmas it is a proposition worth investigation. The used Pianos are those that have come to us in part payment for other Pianos. Many of the finest have come to us, not because they were unsatisfactory, but because the owners wished to exchange

them for the PIANOLA PIANO, which anybody can play. Every one of them is a bargain at the new price.

The new Pianos are now offered at clearance prices because of changes in our line; particularly because the advent of the new and splendid LOESER PIANO made us need the room they occupy. So it is possible now to buy a
